Minutes were read and accepted

Light discussion was held on what percentage of the overall town budget was dedicated towards the Fire & EMS, George and Chad will meet before the next meeting to try and firm up some numbers

Discussion was held on the difference between becoming a Fire Department or a Fire District vs. staying INC. George handed out copies of how a Colorado Department made the transition.

A great deal of discussion was held on the value of a Fire District vs. a Fire Department and how each scenario could affect each community. No formal decisions were made on this.

Discussion was held on the factors behind the Rescue no longer being a sub association of the FD and the reasoning's for dispatching fire apparatus to EMS calls.

Discussions were held in regards to the current budget money that has been appropriated towards the note of the fire station. The concept of keeping that article active for future expansions will be the committee's recommendation.

The next meeting will be March 26th, @ 18:30 at the Fire Station

Meeting adjourned 20:00 hrs.
