George Sutton opened the meeting @ 18:45, advised the lawyers had not given us any reports back from the April 21st meeting. We hope to have them by next meeting. George went around the room looking for consensus of the committee's feeling from the lawyers conversations. It was brought up from Rod Hooper, that there is actually a Fire District in place around the Limestone area. George will get the contact number and do some preliminary research. Some light discussion was held on where to go from here.

Meeting adjourned @ 19:30, the next meeting will be June 4th @ 18:30 at the Lyman Town Hall.

Respectfully,

Chad Johnston
