➤ **PLATOON C: P-23 > ENGINE CO. 3 & RESCUE CO. 5**

▪

➤ **TRAINING DIVISION: P-22 > SPECIAL SERVICES CO.**

▪

DEPARTMENT TRIVIA QUESTION OF THE WEEK:

Captains have worn red helmets in our Department for approx. the last 30 years, who if anyone ever wore red coats with yellow helmets?

Last Weeks Answer: there are actually more than 3 items that have been brought to light, however the stairs and the communications pole were not one of them Ben.

- Bay Exhaust Fan
- Captains Office Cabinets
- Training Office shelves and video cabinet
- EMS Run form Box
- Dispatch cabinets and counter
- SCBA room cabinet
- Sign in Bay

There are 3 fixed items or set ups (ie. built in) that came from the old Fire Station into the new Fire Station , can you name them?

TRAINING QUESTION OF THE WEEK:

Please match the following Auto Ignition Temperatures with the proper fuels:

Gasoline	400 F
Diesel Fuel	856 F

Last Weeks Answer: the rule of thumb is 1 firefighter per section of ladder, so if it is a 3 section ladder then the answer is 3, however they do make 2 section 35', so that would be 2.

- a. FF Pelletier
- b. Capt Harris
- c. FF Kimball

As a rule of thumb, how many Firefighters can acceptably be working off of a 35' Extension ladder at once?
